

## KEVIN GNANIH

### ABOUT ME:

I am able to work efficiently and deliver excellent results in a fast paced and pressured environment. My attention to detail ensures that my work output is always accurate and to the highest quality. I am extremely hard working and take pride in everything I do. Fostering positive working relationships with both colleagues and customers alike is important to me and it is at the core of all tasks that I undertake. While working full-time as a delivery driver and musician self-employed, I have been learning new skills and improving the ones I currently possess, this has led me to study as a Full Stack software developer.
